

## Winslow Health Center COVID Compliance & CDC Recommendations

- Students will be seen by appointment only. Please remember to call for an appointment.
- Keep waiting room traffic to minimum. Friends will be asked to wait outside and can not enter the exam room with a patient.
- Maintain social distancing of at least 6 feet and wear a face covering at all times.
- We can no longer allow students to exit through the back door.
- Remember to wash your hands and/or use hand sanitizer when you enter the Health Center and again before you leave.
- Just a reminder, Winslow Health Center does not give out written notes when you miss class for a minor illness. It is your responsibility to reach out to your professors and let them know why you missed class. Every professor's attendance policy may be different. Make sure you know what is expected at the start of the semester.
