Remote Speaking Consultations

For the remainder of the semester the peer speaking consultants will be providing video based consultations from 3:00-5:00 and 7:00-11:00 PM Eastern.

Speaking consultants will only be conducting live consultations. Therefore, consultations will take place via Google Meet. It does not matter where you are in the preparation process. The speaking consultants will still be able to work with you to brainstorm ideas, develop outlines, and/or provide feedback on prepared messages.

We are requiring that all students sign up for a consultation no later than 1 hour prior to when they want to have their consultation. Consultations begin at the top and bottom of every hour (e.g. 3:00, 3:30).

Use this link to sign up for a consultation. You must use an Allegheny account to access the schedule. To schedule a consultation you need to do the following:

1) Find the date you wish to have the consultation (each page is a separate day of the week)
2) Find the time slot you wish to meet.
3) Enter your name and Allegheny email address. Note: there are two time slots for each 30 minute block from 7:00-11:00. Pick only one.
4) Only sign up for one time slot. Consultants will only contact you based on your first sign up if you sign up for more than one slot in an evening. (You can request other consultations on subsequent days.)
5) You can change your time slot but all changes must be made no later than an hour before the original time you requested.

At the time of your scheduled consultation, a consultant will invite you to a Google Meet using their Allegheny account.

As a final reminder, due to the nature of remote consulting students cannot simply walk in and request a consultation. You must use the schedule if you wish to work with a speaking consultant.

New weekly schedules will be posted each Friday.
