ALLEGHENY COLLEGE FRATERNITY & SORORITY LIFE SCHOLARSHIP REPORT SPRING 2019

Dear Fraternity/Sorority Presidents and Scholarship Chairs:

Congratulations on completing another successful semester at Allegheny College. Here are a few scholarship highlights for the Spring semester:

- The Fraternity & Sorority Life GPA (3.16) is higher than the all-College GPA (3.15)
- 112 members achieved a 3.5 or higher GPA for the Spring 2019 semester. This represents 29% of our community
- 19 members achieved a 4.00 GPA for the Spring semester
- Kappa Alpha Theta had the highest sorority GPA (3.49)
- Delta Tau Delta had the highest fraternity GPA (3.21)
- 7 chapters acquired a 3.0 or higher GPA. They include Alpha Chi Omega, Alpha Delta Pi, Delta Delta Delta, Delta Tau Delta, Kappa Alpha Theta, Kappa Kappa Gamma, and Phi Gamma Delta

While the Fraternity/Sorority Life GPA is higher than the all-College GPA, chapters should assess their current scholarship programs and make necessary adjustments to achieve a high degree of academic performance. In particular, all chapters should set a chapter GPA goal that is higher than the all-College GPA for the fall 2019 semester.

In this report, data tables are included to compare chapter GPAs with the “unaffiliated” students GPA. The data indicates whether a positive or negative correlation exists among the GPAs of members vs. non-members. If your chapter’s GPA is higher than unaffiliated students, a positive correlation between membership in your organization and GPA exists. If your chapter’s GPA is lower than unaffiliated students, a negative correlation between membership in your organization and GPA exists. If you find that your chapter GPA is lower, you are encouraged to make scholarship a priority during the fall semester. Campus resources such as the Learning Commons or our office are available to assist your organization.

Overall, the scholarship achievements of our fraternity/sorority community this semester is favorable. While 29% of our community achieved a 3.5 or higher GPA, there is a portion who struggled with their academic responsibilities. Chapters are encouraged to identify these members and support them in a variety of healthy ways. As usual, the goal is to see all of our chapters above a 3.0 GPA.

Enclosed you will find current and historical data that shows average GPAs for our chapters, the fraternity/sorority community, and the college community. If you have any questions or comments regarding fraternity/sorority scholarship, please do not hesitate to contact me.

Sincerely,

Casey Cole

Coordinator of Student Life, Student Leadership & Involvement

Note Chapter grade point averages are based on the rosters that are compiled throughout each semester. Changes in membership (transfers, inactivity, alumni status) that occur during the semester must be reported to Student Leadership & Involvement so that the College database can be updated to include current members in the scholarship report. Students who withdraw from school after the completion of the semester are still considered chapter members because they were registered at the college during that semester. Students studying abroad for the semester are NOT included in the scholarship report since they were not participating in fraternity/sorority activities. To avoid confusion, no changes are made to the rosters unless there is written documentation. **Students that have not signed a scholastic record release cannot have their individual grades released to their chapter.**
